## Life After Sight Loss

Being diagnosed with a sight loss condition can be difficult to come to terms with.

Our Life After Sight Loss course aims to offer you the relevant information, advice, support, and practical solutions to help you adjust to life with a visual impairment.

This 2 day course will cover the following topics:

- The Eye: How it works and eye health conditions
- Registration, benefits, and statutory support
- What is Low Vision Assessment?
- Low Vision Sight Tests
- Mental Health & Emotional Wellbeing
- Digital Aids and Technology
- Everyday Living - Tips and Gadgets
- Local support services

The Life After Sight Loss course will be led by:

Anita Plant - CEO and Low Vision Rehabilitation Officer

Nickie Johnson - Mental Health & Wellbeing Practitioner

Please note: Light refreshments will be provided, but please bring a packed lunch
